

Resolution # 113-88

RESOLUTION OF THE NAVAJO COUNTY

BOARD OF SUPERVISORS

RESOLUTION SUPPORTING THE ARIZONA SUPERCONDUCTING SUPER COLLIDER PROJECT WHICH WILL ENSURE THE CONTINUED LEADERSHIP OF THE UNITED STATES IN HIGH ENERGY PHYSICS, SCIENCE AND TECHNOLOGY

WHEREAS, the United States Department of Energy (DOE), with the approval of the President, announced plans to build the Superconducting Super Collider (SSC);

WHEREAS, the SSC will be the largest (53 mile Circumference), most powerful particle accelerator in the world; and

WHEREAS, the Arizona Site is one of the leading contenders for location of the SSC; and

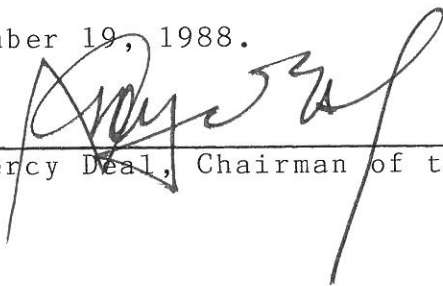

WHEREAS, the University of Arizona's Physics Department is significantly involved in experimental physics research; and

WHEREAS, interaction between the University of Arizona, Arizona State University and SSC scientists would be of benefit to the project and have significant impact upon the higher education community in the State; and

WHEREAS, the Maricopa Site in Arizona would bring international recognition to the State, improve the high-tech business climate, create thousands of new jobs and generate millions of dollars in increased personal income;

NOW, THEREFORE, BE IT RESOLVED, that the Navajo County Board of Supervisors does hereby support the Arizona Superconducting Super Collider Project and urges our Congressional Delegation to pledge their bipartisan support to convince the Federal Government to select the Maricopa Site in Arizona.

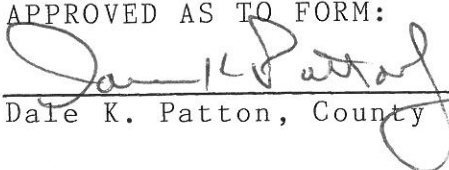

. PASSED AND ADOPTED September 19, 1988.
